

CALL FOR SOLIDARITY

Over 10,000 of our colleagues, all education professionals, will exercise their right to strike once again, in support of the collective agreement renewal negotiations. Tomorrow, May 19, 2021, members of the Fédération des professionnelles et professionnels de l'éducation du Québec (FPPE-CSQ) will strike for a second day in relation to the current round of public and parapublic sector negotiations.

Over 10,000 of our colleagues, all education professionals, will exercise their right to strike once again, in support of the collective agreement renewal negotiations. Tomorrow, May 19, 2021, members of the Fédération des professionnelles et professionnels de l'éducation du Québec (FPPE-CSQ) will strike for a second day in relation to the current round of public and parapublic sector negotiations.

Of course, we are calling on all CSQ members to show their support for our colleagues, notably by honouring picket lines.

Anyone interested in joining the picket lines should refer to the list of institutions on strike at the bottom of this page.

Wallpapers to support FPPE-CSQ members

To show your solidarity with our striking colleagues, we suggest a few wallpapers you can use while you have work videoconferences; they can be found on this website: negociation.lacsq.org.
